RAGHUNATH UDYOG

(ISO 9001:2008 Certified)

ABOUT US

Started in 1962 , and based in New Delhi, Raghunath Udyog and it's brand RDS Compo is an ISO 9001: 2008 certified company which develops, manufactures and market, cutting edge automotive components. The company now in it's 61st year is a pioneer in the manufacturing of Propeller Shafts and it's components. Our strength through the years has been uncompromising levels of high quality standards that we are able to maintain because of our thorough research and development processes and our complete in-house production facility where we pay the closest of detail to each and every process.

RDS Compo prides itself on having the largest range of U J Crosses, Propeller Shaft Components, Steering & Suspension range & Centre Bearing Assemblies in India.

Backed by world class technology and driven by a dedicated team of dynamic professionals, we believe in procuring only the best tested alloy variants to manufacture international standard products. Our emphasis on research and development is immense. We are constantly pushing the envelope towards manufacturing and technical excellence.

At RDS Compo, we make systems our priority, and we believe in doing things right. From start to finish we work on the theories of precision, efficiency and accuracy. Keeping in line with this theory we have made significant investments in building our infrastructure and have acquired state of the art machinery and developed newer in-house methods of production.

With this continuous growth, we have expanded our export network beyond Indian shores. We are currently supplying to many countries in Africa and have regular business from Sri Lanka , Bangladesh and Nepal. But its the national customer that is our priority. Our godowns and indeed our warehouses are always stocked to the brim thereby ensuring that delivery does not suffer. We are blessed with a convenient location in the heart of the national capital region of Delhi, easily accessible for all our clients. In addition we have a large distribution network which helps facilitate the quick distribution of goods and products to all our customers.

At RDS Compo, we believe that the amalgamation of quality and quantity can go hand in hand if the simple things are done properly. We are committed to providing the precision product we are renowned for, to help drive a new generation forward.
